

## UI/UX Engineer

We are looking for a UI/UX Engineer to create engaging and on-brand graphics for a variety of media including to turn our software into easy-to-use products for our clients. Your responsibilities include gathering user requirements, designing graphic elements and building navigation components. To be successful in this role, you should have experience with designing interactive and user friendly software. If you also have a portfolio of professional design projects that includes work with web/mobile applications, we'd like to meet you. Ultimately, you'll create both functional and appealing features that address our clients' needs and help us grow our customer base.

### Responsibilities

**Collaboration:** with web designers to improve the user experience, with users and customers to build mock-ups, management to prepare social media posts, prepare and present drafts to internal teams and key stakeholders and amend designs after feedback.

**Design:** page navigation buttons and search fields, UI mockups and prototypes, storyboards, process flows and sitemaps, original graphic designs (e.g. images, sketches and tables), creative promotional and branding post for social media and visuals based on requirements

**Quality:** Ensure designs and layouts are visually appealing and on-brand, ensure high quality graphic standards, use the appropriate colors and layouts for each graphic, test graphics across various media and adhere to style standards on fonts, colors, images and brand consistency

### Requirements

- Proven graphic designing experience
- A strong portfolio of illustrations, design project or other graphics
- Strong English communication skills is a must and any other language is an asset
- Up-to-date knowledge of design software and technologies (such as XD, Sketch, Figma, Illustrator, Photoshop)
- A keen eye for aesthetics and details
- Proven work experience as a Graphic/UI Designer or similar role is an advantage
- Work experience in an international environment and with agile methods
- Good time-management skills
- Degree in Design, Fine Arts or related field is a plus or equivalent work experience.

### Additional Requirements:

- Need to be an inspiring team member and proactive communicator
- Ability to understand the requirements of our international clients
- Humility and knowing how to encourage team members
- Good and friendly character, able to work in a team
- Go-minded spirit ("yes, we can...")
